Dated: 18/11/2020

NOTICE

The bus service provider of this Institute had recently informed to the undersigned that bus fares of several students are pending since March 2020 due to which the bus service provider is facing tremendous financial crisis for paying salary to the bus drivers and managing other expenses related to bus service. It is pertinent to mention that the families of the bus drivers and other staffs are solely dependent on their meager monthly salary, and the bus service provider is bound by the direction of the concerned authority to pay their salaries on regular basis throughout the lockdown period as well as during the period of suspension of classes due to COVID-19 pandemic. It is to be highlighted that all employees of various categories serving under the state and central governments or private and public sectors have been receiving their salaries regularly during the lockdown period. Even the students have also been receiving their stipends/scholarships inspite of the lockdown or would be receiving in due course of time. Further, the state government had also waived off certain portion of the semester fees of the students for the current session considering the COVID-19 pandemic.

It may be noted that considering the pandemic situation, the bus service provider has generously expressed to charge 30% less from the monthly bus fee for the last academic session except for the month of March 2020.

Therefore, under the above circumstances, all present and outgoing students of this Institute who have availed the bus service, are advised to clear their pending bus fees as soon as possible considering that many lives are dependent upon the bus service.

If, in case any student wants to discontinue availing the bus service in the new academic session, then he/she must first clear all dues and inform to the bus service provider regarding discontinuation from availing bus service before or in the beginning of the academic session.
